

Could YOUR organisation benefit from one of our Peer Advisors?

Could you provide an advice and guidance placement for our Peer Advisors?

We need advice and guidance placements across south London for our Peer Advisors.

Peer Advisors have overcome disadvantage and now want to support others. They are working towards a career in advice and guidance. At the London Peer Hub we can:

- Provide Peer Advisor volunteers who are working towards a Level 3 Certificate in Advice and Guidance
- Provide support to make the placement a success
- Offer employment support to your Peer volunteer
